Financial assistance disbursed by Financial Institutions

2712. SHRI RAOOF VALIULLAH: Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that financial assistance disbursed by the various public sector financial institutions for the promotion of industrial development in various States has not been uniform;

(b) whether it is also a fact that private sector has received more assistance than all the other three sectors viz. public, point and cooperative, put together;

(c) if so, whether Government proposes to change its policy with regard to disbursement of financial assistance so that industrial development is uniformly spread in the country; and

(d) what are the details of financial assistance disbursed by various public sector financial institutions for the promotion of industrial development in various States in the last three years (i) Statewise, (ii) Industry-wise (iii) Institution-wise and (iv) Sector-wise?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI JANARDHAN POOJARI): (a) to (c) The financal institutions do not discriminate between different States as regards provision of financial assistance. The assistance sanctioned by the institutions in different States depends on the number of applications for viable projects originating from those States. The Government as well as financial institutions/banks are granting various incentives for development of backward areas and for encouraging balanced regional development. The choice of location of a project by an entrepreneur, however, depends on a variety of factors like resource endowments of the State, availability of skilled labour power and other infrastructural facilities etc. The IDBI has reported that while the assistance given by the financial institutions for the private sector projects is larger as compared to other sectors, the institutions consider applications from projects in different sectors, on merits, and no special preference is shown by them to the private sector projects.

(d) The details of financial assistance disbursed by financial institutions to industries during the last three years Statewise, industry-wise, institution-wise and sector-wise are given in statements I, II, III and IV respectively.

Statement-I

State-wise Details of assistance disbursed by all-India Financial Intitutions during the years 1984-85 to 1985-86:

(Rs. in crores)

Sl.No.	State	Disbursement
